

INSTALLATION INSTRUCTIONS FOR KRONE® *MASTERminder*  
PRODUCT NUMBER 6450 1 090-00

CONGRATULATIONS on your purchase of the new KRONE *MASTERminder*. The sleek modern design will compliment any 19" rack and is designed to fit most patch panels. Minimum bend radius and cable management features are provided. The *MASTERminder* eliminates the need for cable ties and is fitted from the rear side of the rack.

**INSTALLATION**

Locate two *MASTERminder* screws in the top cage nuts, fit two *MASTERminder* nuts into the *MASTERminder* then locate over screws, use a flat head screwdriver to lock nut onto screw. DO NOT OVER TIGHTEN.

Screwdriver

Part No: 6450 1 090-00EB
